

SIMONT

Digital Finance

BRAUN

Simont Braun's Digital Finance Team is the first of its kind on the Belgian market. The team gathers renowned tech and financial law experts, and combines experience in financial services, tech and data protection. It is deeply integrated into the Belgian Financial Services & FinTech ecosystems and very well connected with the regulators, the academic world, and services providers on the ground, both in Belgium and abroad.

Work samples

Handling the set up and launch of a major **challenger bank** in Belgium digitally offering the full scale of financial services.

Advising **payment services & e-money providers** on regulatory matters, such as licence applications, implementation of new regulations, product marketing and AML/KYC client onboarding procedures.

Setting up **crowdfunding** platforms as well as the first alternative consumer lending platform in Belgium.

Assisting the first Belgian bank with an **innovative sustainable and ethical** model in securing their licence as a credit institution.

Setting up the first **digital ID** product in Belgium used as a KYC & authentication solution in the public and financial sector.

Assisting **InsurTech** start-ups with the roll-out of different disruptive services.

Supporting foreign **digital banks** in launching new credit and payment products in Belgium.

Assisting international leading (digital) **money remitters** and local **e-invoicing** platforms.

Exploring the boundaries of cutting-edge business models in light of **IP/ICT** regulations and **cybersecurity**.

Assisting **RegTech** players on their contractual relationship with financial institutions.

Advising the world's largest **social network** on the regulatory status of the **currencies** used in their online games.
