The media and telecommunications sectors are extremely fast-moving. Simont Braun assists its clients navigate the constantly changing legal environment. We also help our clients innovate while staying on the safe side of the law.

Comprehensive legal assistance to media and telecom operators

Simont Braun assists media and telecom operators negotiate and draft agreements, whether related to intellectual property, information technologies, data protection, **commercial law, insurance law, contract law, public and administrative law or tax law.**

We also advise them on data protection policies and related issues.

Our team has longstanding experience in dispute resolution, whether via alternative **dispute resolution** methods such as mediation or arbitration, in judicial proceedings.

Strong experience with radio, TV and internet actors

We notably represent internet service providers in judicial proceedings against copyright collecting societies alleging copyright infringement or demanding far-reaching network control measures

We regularly negotiate agreements such as broadcasting agreements for TV or radio players.

Our team also assists radio and TV operators before the regulatory authorities in respect of alleged misconduct.
