By combining our passion for sport with an in-depth understanding of the regulations governing this specific sector, our lawyers are able to deliver tailor-made solutions.

Sports law

Drawing from experience in various sporting domains (such as football, cycling, tennis, golf, athletics, etc.), we guide diverse stakeholders through the complexities of sports law. Our clients encompass athletes, agents, clubs, and sporting federations, both nationally and internationally.

Our services cover advising and assisting in transactions, negotiating and drafting contracts, and representing clients in dispute resolution and sports arbitration.

We approach matters not only from a sports law perspective, but we also leverage the expertise of our firm in other legal areas, including:

- Tax law;
- Corporate law;
- Real estate law;
- Intellectual property law;
- Contract law and liabilities; and
- Dispute resolution and arbitration.

This multidisciplinary and integrated approach allows us to always offer our clients a complete and pragmatic solution.

Equestrian law

Our team boasts specific expertise in equestrian law, encompassing all legal aspects linked to horses and those engaged in the equine industry (such as riders, trainers, sports stables, stud farms, owners, breeders, traders, event organizers, and veterinarians).

Given the intricate nature of equestrian law, our particular knowledge of the sector empowers us to provide pragmatic legal advice across all equine-related domains.

We represent many of the world's leading equestrians and equine entrepreneurs established in Belgium.

Simont Braun is a steering member of *Belgian Equestrian Quality* (powered by Agoria) which unites the most outstanding companies and minds the epicenter of the equestrian world has to offer.
